

DEQ has prepared and mailed out annual invoices based upon emissions inventory data. Language in the invoices instructs users to make any required updates to their inventories within 30 days. If you have questions about your toxic VOCs, please see the Non-TAP VOC list under the resources heading on this page.

Because ERIC is not yet ready to accept changes to 2006 inventories, if your facility needs to make a change to your previous submittal, you are requested to contact Elizabeth Dequeant, DEQ Financial Services, at 225-219-3863 to indicate that a change will be made once ERIC is back on-line.
